- Calingasan, Jerom G.

Course: BSIT

Subject: Capstone Project

Academic Year: 2025–2026

Description

The HR Applicant System is a desktop-based recruitment management application developed to streamline the hiring process between applicants and Human Resource personnel. The system allows applicants to register accounts, manage personal profiles, upload required documents, apply for job vacancies, and track application progress. Human Resource personnel can manage vacancies, review applicants, and monitor recruitment activities through a centralized platform.

Registration Guide

Registration Guide for dummies

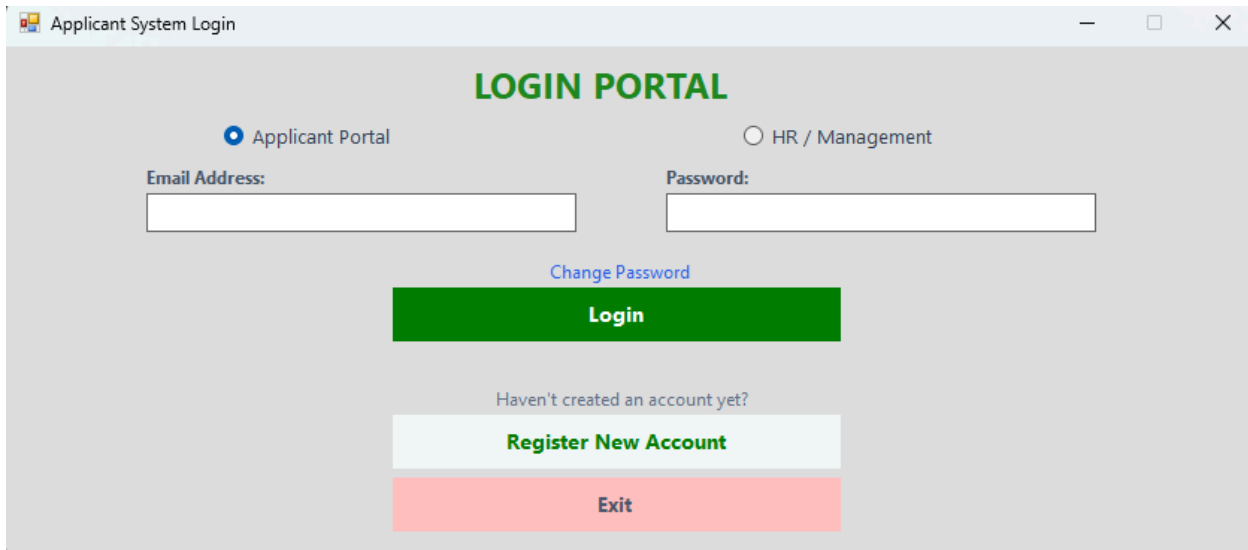

Purpose

This guide provides step-by-step instructions for creating a new applicant account in the HR Applicant System.

Registration Procedure

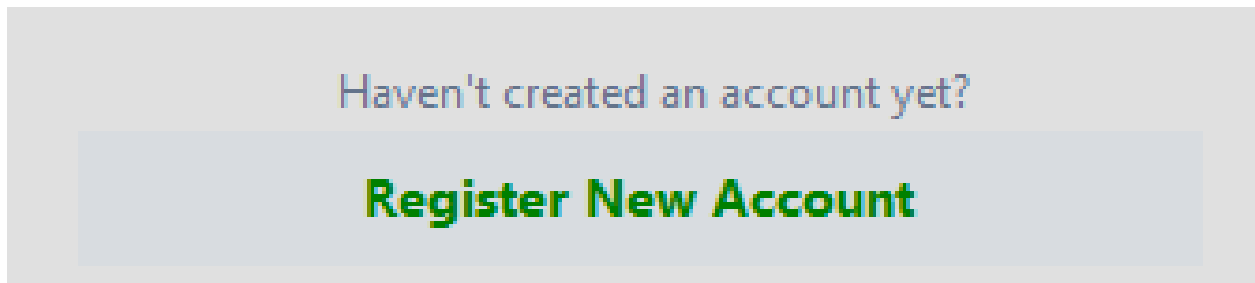

Step 1: Open the Login Portal

Launch the HR Applicant System to access the Login Portal, where users can either sign in to an existing account or register a new account.

A screenshot of a web browser window titled "Applicant System Login". The page has a light gray background. At the top center, the text "LOGIN PORTAL" is displayed in green. Below this, there are two radio buttons: "Applicant Portal" (selected with a blue dot) and "HR / Management" (unselected). Under "Applicant Portal", there are two input fields: "Email Address:" and "Password:". Below the "Email Address" field is a "Change Password" link in blue. In the center, there is a large green button labeled "Login". Below the "Login" button, there is a link "Haven't created an account yet?" in blue. Under this link is a light blue button labeled "Register New Account" in green. At the bottom, there is a pink button labeled "Exit".

Step 2: Click on “Register New Account”

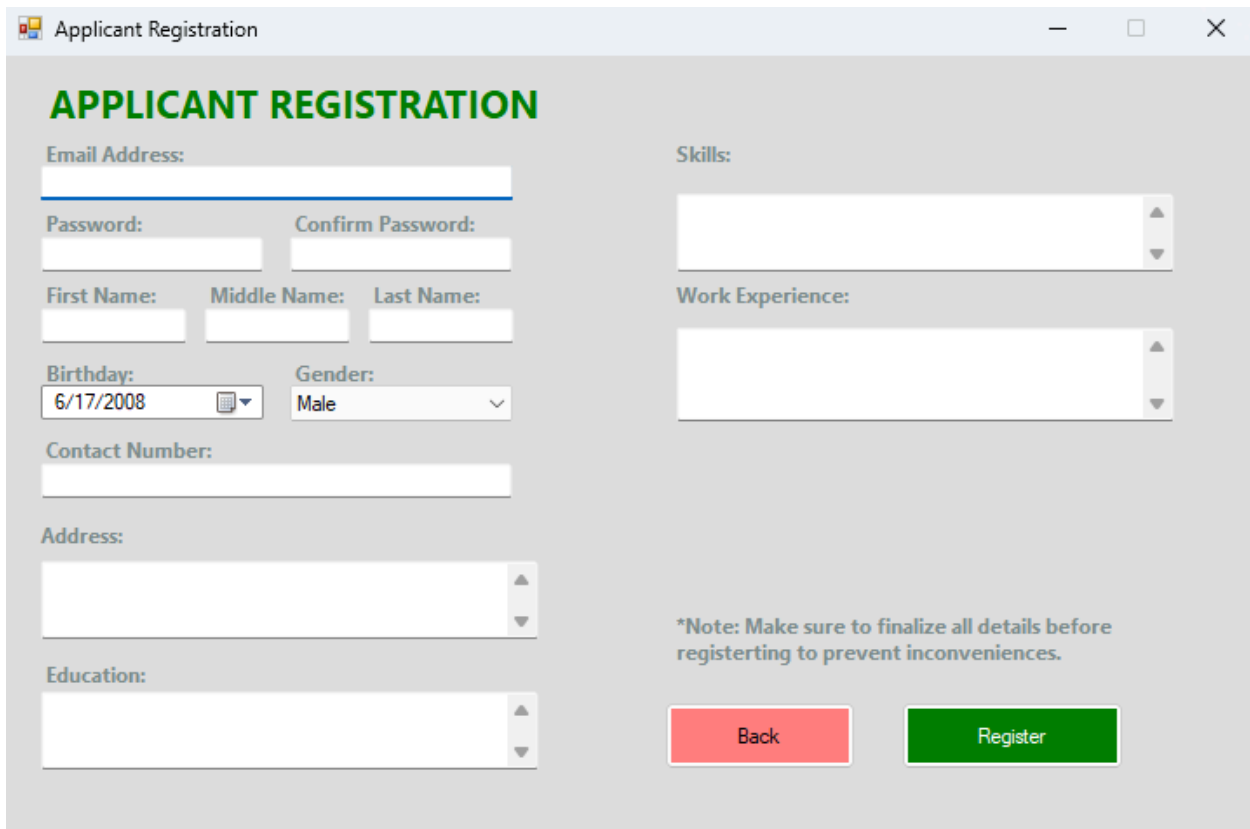

Click the **Register New Account** button located below the Login button.

A close-up screenshot of the "Register New Account" button. The button is light blue with the text "Register New Account" in green. Above the button, the text "Haven't created an account yet?" is visible in blue.

Step 3: Complete the Registration Form

Enter all required information in the registration form:

- Email Address
- Password
- Confirm Password
- First Name
- Middle Name
- Last Name
- Birthday
- Gender
- Contact Number
- Address
- Education
- Skills
- Work Experience

The screenshot shows a web application window titled "Applicant Registration". The form is titled "APPLICANT REGISTRATION" in green. It contains several input fields and dropdown menus for user registration. The fields are organized into two main columns. The left column includes fields for Email Address, Password, Confirm Password, First Name, Middle Name, Last Name, Birthday (with a calendar icon), Gender (with a dropdown arrow), Contact Number, Address (with a vertical scrollbar), and Education (with a vertical scrollbar). The right column includes fields for Skills (with a vertical scrollbar) and Work Experience (with a vertical scrollbar). At the bottom right, there is a note: "*Note: Make sure to finalize all details before registering to prevent inconveniences." Below the note are two buttons: "Back" (red) and "Register" (green).

APPLICANT REGISTRATION

Email Address:

Password: Confirm Password:

First Name: Middle Name: Last Name:

Birthday: Gender:

Contact Number:

Address:

Education:

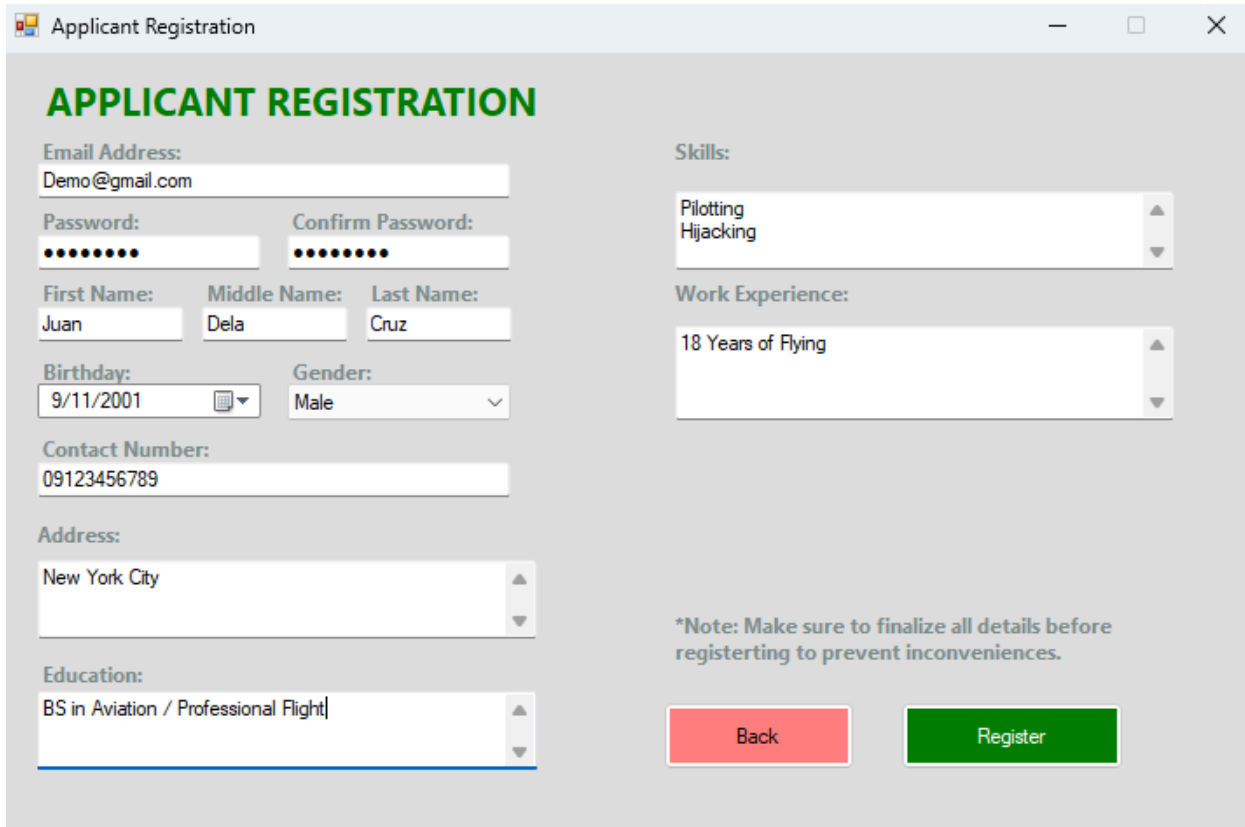

Skills:

Work Experience:

*Note: Make sure to finalize all details before registering to prevent inconveniences.

Step 4: Submit the Registration Form

After completing all required fields, click the **Register** button.

The screenshot shows a web browser window titled "Applicant Registration". The form is titled "APPLICANT REGISTRATION" in green. It contains several input fields and dropdown menus. The "Email Address" field is filled with "Demo@gmail.com". The "Password" and "Confirm Password" fields are filled with "*****". The "First Name", "Middle Name", and "Last Name" fields are filled with "Juan", "Dela", and "Cruz" respectively. The "Birthday" field is filled with "9/11/2001" and the "Gender" field is filled with "Male". The "Contact Number" field is filled with "09123456789". The "Address" field is filled with "New York City". The "Education" field is filled with "BS in Aviation / Professional Flight". The "Skills" dropdown menu is open, showing "Pilotting" and "Hijacking". The "Work Experience" dropdown menu is open, showing "18 Years of Flying". There is a note that says "*Note: Make sure to finalize all details before registering to prevent inconveniences." At the bottom right, there are two buttons: "Back" (red) and "Register" (green).

Applicant Module

Purpose

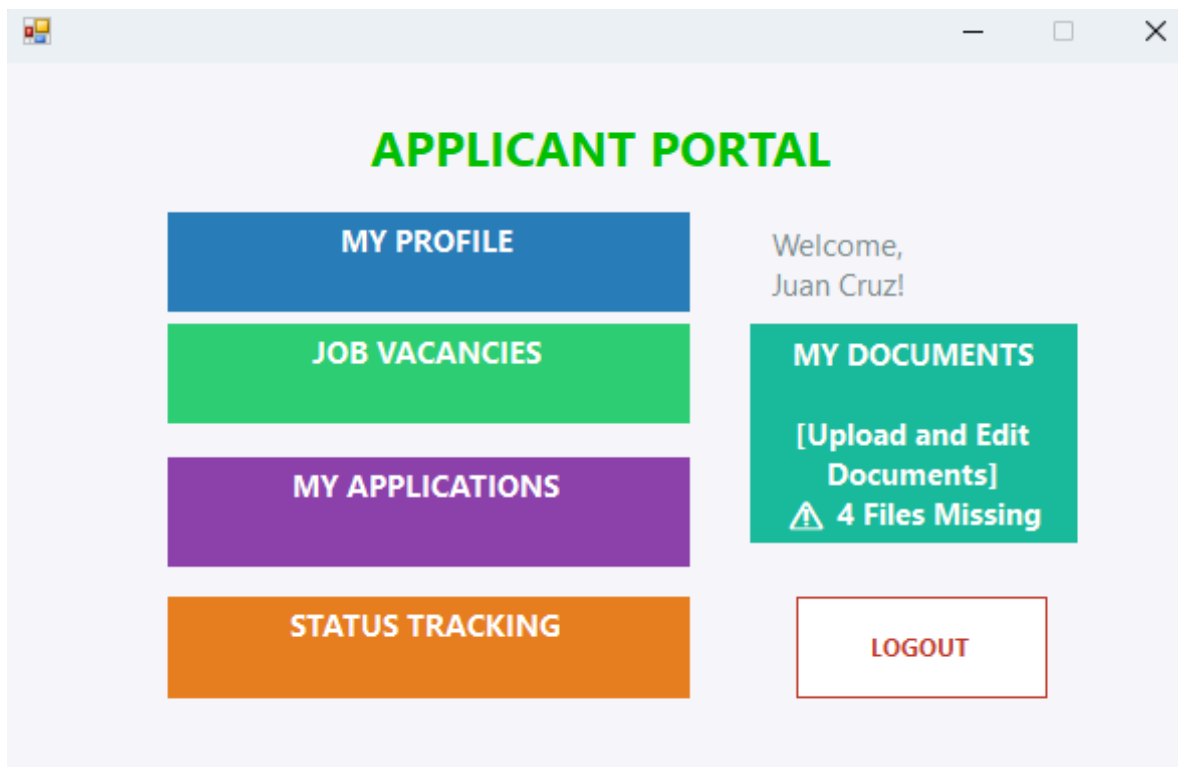

The Applicant Module allows applicants to manage their profile, upload required documents, apply for job vacancies, track applications, and monitor application status.

1. Applicant Dashboard

After logging in, the Applicant Portal dashboard will be displayed.

The dashboard contains the following functions:

- **My Profile** – View personal information and qualifications.
- **Job Vacancies** – Browse and apply for available job openings.
- **My Applications** – View submitted or draft applications.
- **My Documents** – Upload and manage application requirements.
- **Status Tracking** – Monitor the progress of submitted applications.
- **Logout** – Exit the system.

2. Viewing Applicant Profile

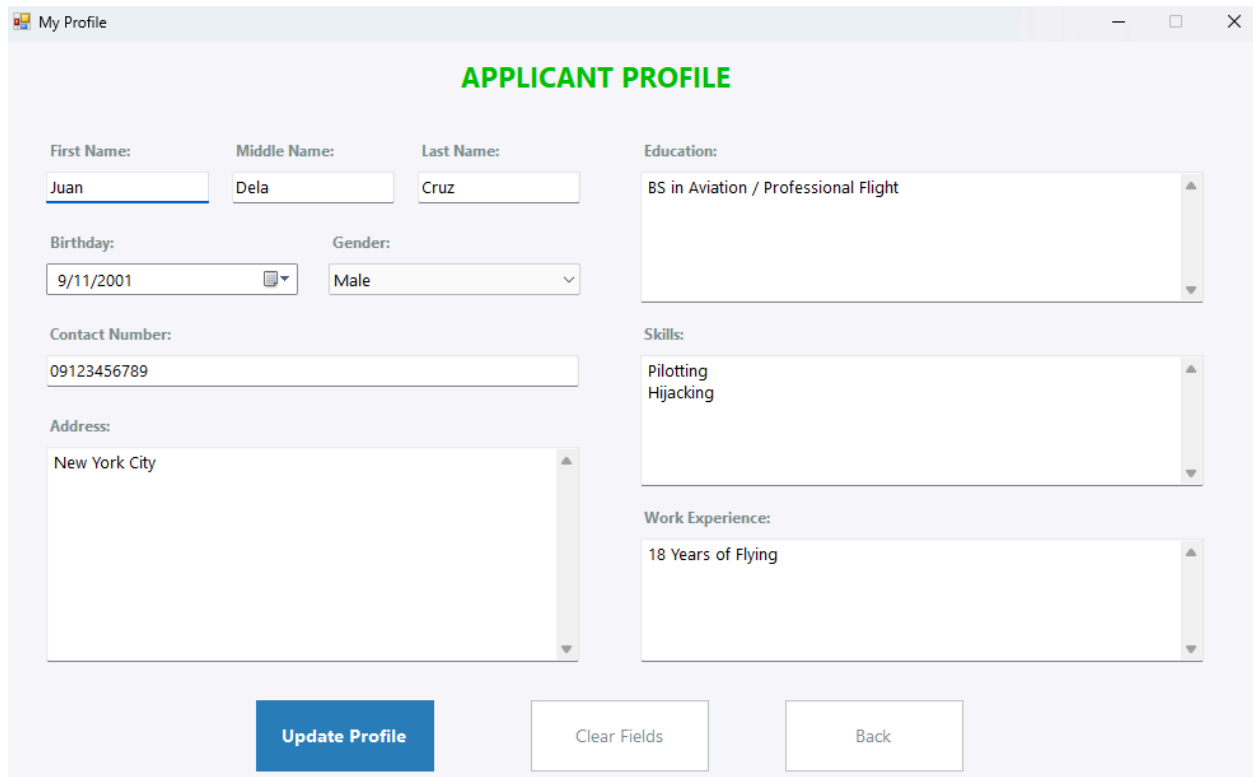

Step 1

From the Applicant Dashboard, click **My Profile**.

Step 2

Review the displayed personal information, including:

- Name
- Birthday
- Gender
- Contact Number
- Address
- Education
- Skills
- Work Experience

The screenshot shows a web application window titled "My Profile". The main heading is "APPLICANT PROFILE" in green. The form is organized into several sections:

- Name:** Three input fields for "First Name:" (Juan), "Middle Name:" (Dela), and "Last Name:" (Cruz).
- Birthday:** A date input field showing "9/11/2001" with a calendar icon.
- Gender:** A dropdown menu showing "Male".
- Contact Number:** A text input field containing "09123456789".
- Address:** A large text area containing "New York City".
- Education:** A text area containing "BS in Aviation / Professional Flight".
- Skills:** A text area containing "Pilotting" and "Hijacking".
- Work Experience:** A text area containing "18 Years of Flying".

At the bottom of the form, there are three buttons: "Update Profile" (blue), "Clear Fields", and "Back".

3. Viewing Available Job Vacancies

Step 1

From the Applicant Dashboard, click **Job Vacancies**.

Step 2

Browse the list of available job openings.

Step 3

Select a job vacancy to view its details and specifications.

Step 4

(Optional) Use the search feature to find specific job openings.

The screenshot shows a web application window titled "Available Job Openings". At the top, there is a search bar with the text "Search Jobs:" followed by an input field. To the right of the input field is a dropdown menu currently showing "All Departments". Further right are three buttons: "Search" (blue), "Reset" (red), and "Back" (pink). Below the search bar is a table with two columns: "Job Title" and "Department". The table contains three rows: "Software Developer" (IT), "HR Assistant" (HR), and "Accounting Staff" (Admin). The "Software Developer" row is highlighted in blue. To the right of the table, under the heading "Job Specifications", the text "Software Developer" is displayed in green. Below this, it says "Department: IT" and there is a large white input field with a scrollbar. At the bottom right, there is a large green button with the text "Apply for this Job".

Job Title	Department
Software Developer	IT
HR Assistant	HR
Accounting Staff	Admin

Job Specifications

Software Developer

Department: IT

Apply for this Job

4. Applying for a Job

Step 1

Open **Job Vacancies**.

Step 2

Select a job from the vacancy list.

Step 3

Click **Apply for this Job**.

Step 4

When prompted, click **Yes** to create an application draft.

Draft Saved

Application draft created successfully! Would you like to view your applications list to submit it now?

Yes

No

5. Managing Applications

Step 1

From the Applicant Dashboard, click **My Applications**.

Step 2

Select an application from the list.

Step 3

Review the application details and current status.

Available actions:

- **Submit Application** – Finalize and submit the application.
- **Withdraw Application** – Cancel the application.
- **Back** – Return to the dashboard.

.

The screenshot displays a web application window titled "My Applications". The main heading is "My Job Applications" in green. On the left, there is a table with the following data:

Job Title	Department	Status	Date Applied
Software Develo...	IT	Draft	6/17/2026 12:42...

On the right, the "Application Status Details" section shows:

- Software Developer** (in green)
- Status: Draft (in blue)
- Applied On: 6/17/2026 12:42 AM

Below the details are three buttons:

- Submit Application** (green button)
- Withdraw Application** (red button)
- Back** (white button with a black border)

6. Uploading Required Documents

Step 1

From the Applicant Dashboard, click **My Documents**.

Step 2

Select the required document type from the dropdown list.

Examples:

- Resume
- Certificate
- ID
- Transcript

Step 3

Click **Add Document**.

Step 4

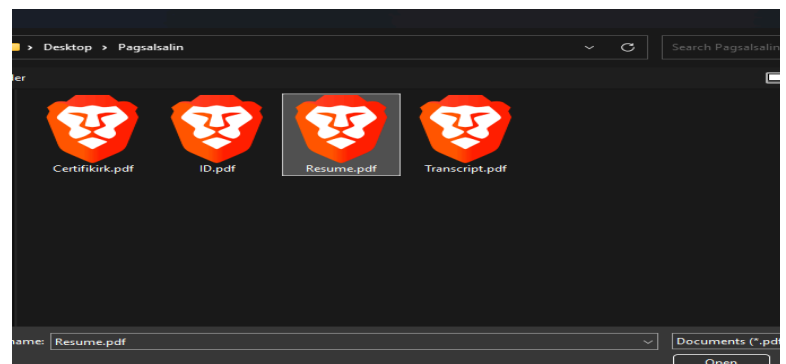

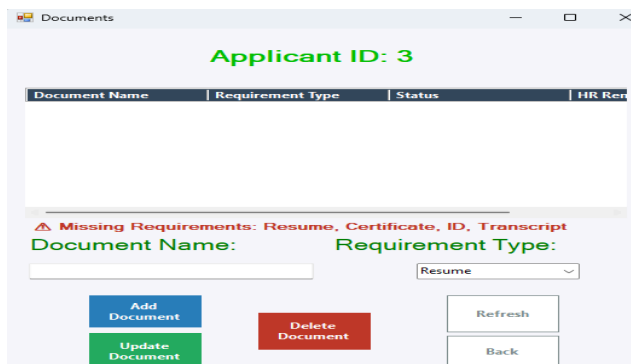

Browse and select the document file.

Step 5

Click **Open** to upload the file.

Step 6

Repeat the process until all required documents are uploaded.

7. Updating or Deleting Documents

Updating Documents

1. Select a document.
2. Click **Update Document**.
3. Choose the replacement file.z
4. Confirm the update.

Deleting Documents

1. Select a document.
2. Click **Delete Document**.
3. Confirm the deletion by clicking **Yes**.

8. Tracking Application Status

Step 1

From the Applicant Dashboard, click **Status Tracking**.

Step 2

Select an application from the list.

Step 3

Review the current application stage and status history.

Stages include:

1. Screening
2. Interview
3. Evaluation
4. Final Decision

The screenshot displays a web application window titled "My Applications Status History". Inside, the "Applicant Status Tracking" section is active. On the left, a table lists applications:

Job Title	Status	Applied On
Software Developer	Draft	6/17/2026 12:42 AM

The right side of the window, titled "Application Status Center", shows details for the "Software Developer" application. It indicates the "Current Status: Draft" in red text. Below this, a "Timeline" shows four stages: 1. Screening, 2. Interview, 3. Evaluation, and 4. Final Decision. The "Status Progression" section shows a single entry: "[6/17/2026 12:42 AM] Status: Draft". A "Back" button is located at the bottom right of the status center.

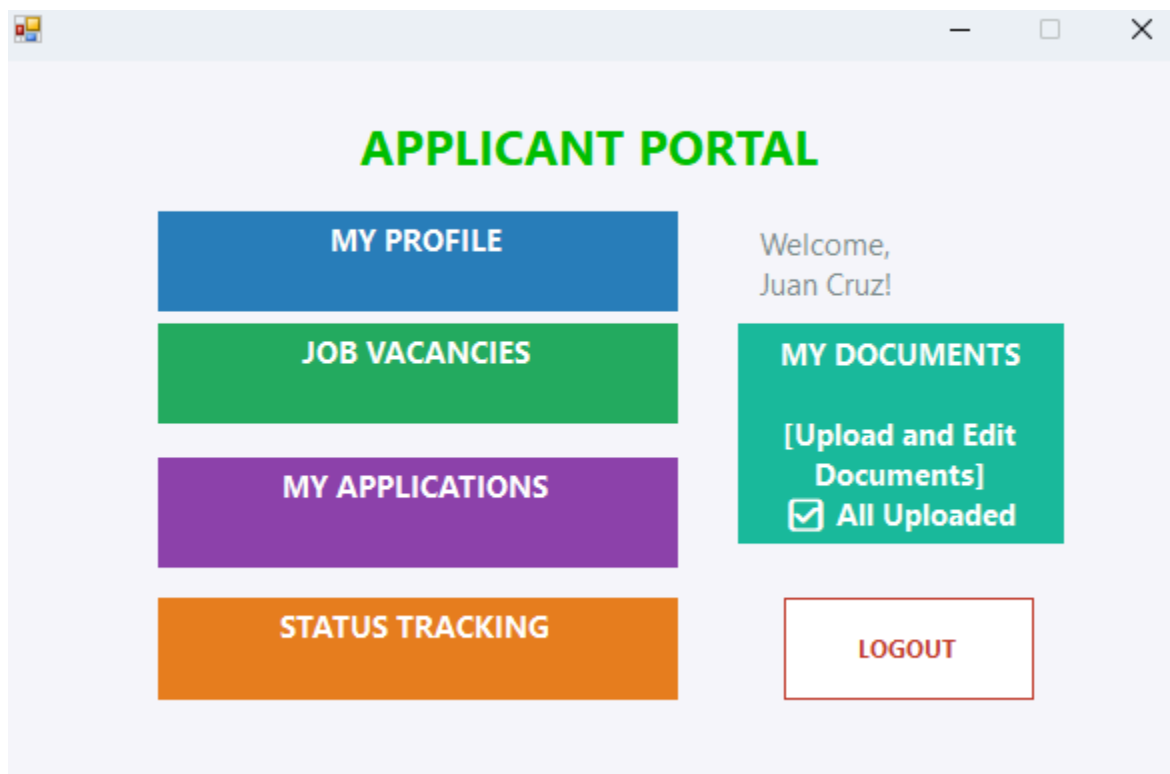

9. Logging Out

Step 1

From the Applicant Dashboard, click **Logout**.

Step 2

The system returns to the Login Portal.

HR/Admin user guide

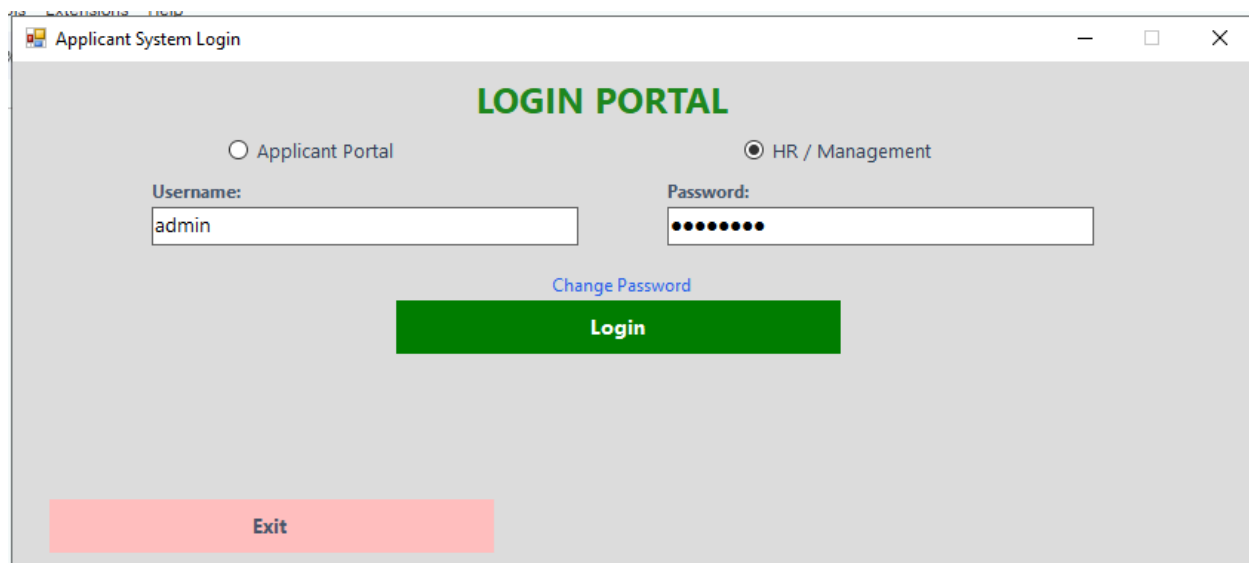

HR Module

Purpose

This manual provides a detailed, step-by-step breakdown of the administration dashboard, database utilities, and workflow automation tools within the system. Use this guide to manage the full lifecycle of job openings, applicant reviews, and file attachments.

1. HR Dashboard

Log-in HR/Manager accounts by first clicking on the “HR / Manager” option and then enter your admin account. After that, you may click the large and green Login button.

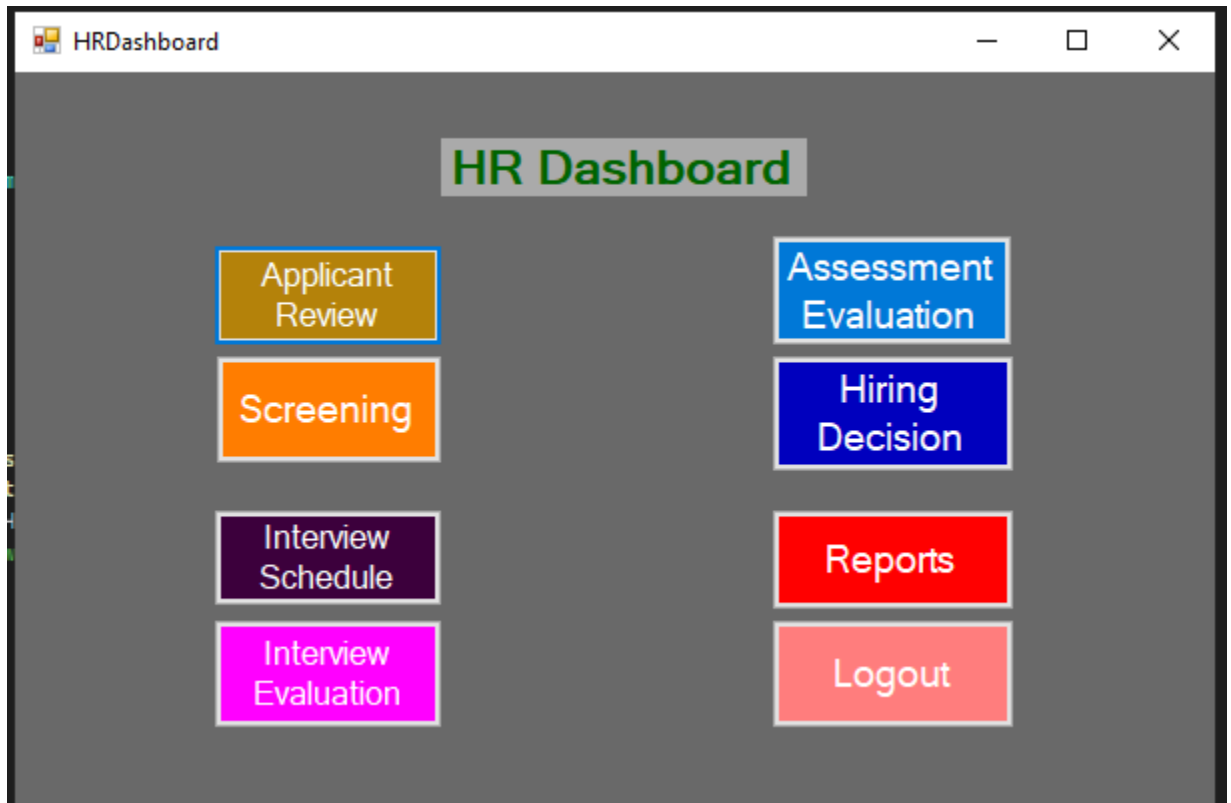

The screenshot shows a web browser window titled "Applicant System Login". The main heading is "LOGIN PORTAL" in green. Below the heading, there are two radio buttons: "Applicant Portal" (unselected) and "HR / Management" (selected). Under "Applicant Portal", there is a "Username:" label and a text input field containing "admin". Under "HR / Management", there is a "Password:" label and a password input field with eight dots. Below the password field is a blue link "Change Password". A large green "Login" button is centered below the password field. At the bottom left, there is a pink "Exit" button.

2. HR Dashboard

After logging in, the Applicant Portal dashboard will be displayed.

The dashboard contains the following functions:

- **Applicant Review Form** – Views personal information and qualifications of applicant including Documents.
- **Screening** – Screen applicants whether or not they are qualified for the applied job position.
- **Interview Schedule** – Places scheduling details of interview(Date, Interviewer,Location, Platform).
- **Interview Evaluation** – Evaluates the Interview of the Applicant.
- **Assessment Evaluation** – Evaluates the Assessment Test of the Applicant.
- **Hiring Decision** – Decides whether or not the applicant is hired.
- **Reports** – Provides detailed reports about all applicants, Pending Applicants, Scheduled Interviews, Hiring Decisions, and Missing Requirements or applicants.
- **Logout** – Exit the system.

3. Applicant Review Form

Views personal information and qualifications of applicant including Documents.

In this form, it allows the admin/hr manager to view details of the applicant, such as the profile, job title, status, and uploaded documents.

Step 1 - To view the documents, double-click on it to view it in your local pdf viewer.

Step 2 - Click an applicant in the table above and review the details.

Step 3 - Click “Lock Application” to confirm their qualification. Then click back to return to the HR Dashboard.

4. Screening

Screen applicants whether or not they are qualified for the applied job position. This allows the admin/hr manager to provide screening confirmation.

Step 1 - Click on the applicant on the table above.

Step 2 - View if all the documents are uploaded and click “Qualified” or “Not Qualified” to confirm the applicant's screening. Then click back to return to the HR Dashboard.

The screenshot shows a web application window titled "Screening — HR Applicant System". It contains two main sections: "Applications Under Review" and "Screening Decision".

Applications Under Review: This section contains a table with two columns: "Job Title" and "Applicant Name". The table has one row with the values "Software Developer" and "Juan Cruz".

Job Title	Applicant Name
Software Developer	Juan Cruz

Screening Decision: This section contains the following information:

- Applicant:** Juan Cruz
- Job:** Software Developer [All Docs Uploaded]
- Decision:** ☒ Qualified ☐ Not Qualified
- Remarks / HR Notes:** A large text area for entering remarks or notes.

At the bottom of the window, there are two buttons: "Save Decision" (green) and "Back" (red).

5. Interview Schedule

Places scheduling details of interview(Date, Interviewer,Location, Platform).

Step 1 - Click on the applicant on the table above.

Step 2 - Input the Interview details in the input boxes below the table inside the Schedule Interview section, such as the Date, Interviewer Name, Location/Platform whether it is Face-to-Face or Online, and the Interview Status.

Step 3 - Click “Save Schedule” to confirm then click “Back” to return to the main dashboard.

The screenshot shows a web application window titled "Interview Schedule — HR Applicant System". It features a table of applicants and a "Schedule Interview" form.

Table: Shortlisted / Scheduled / Cancelled Applicants

Buttons: **Save Evaluation** (green), **Back** (red)

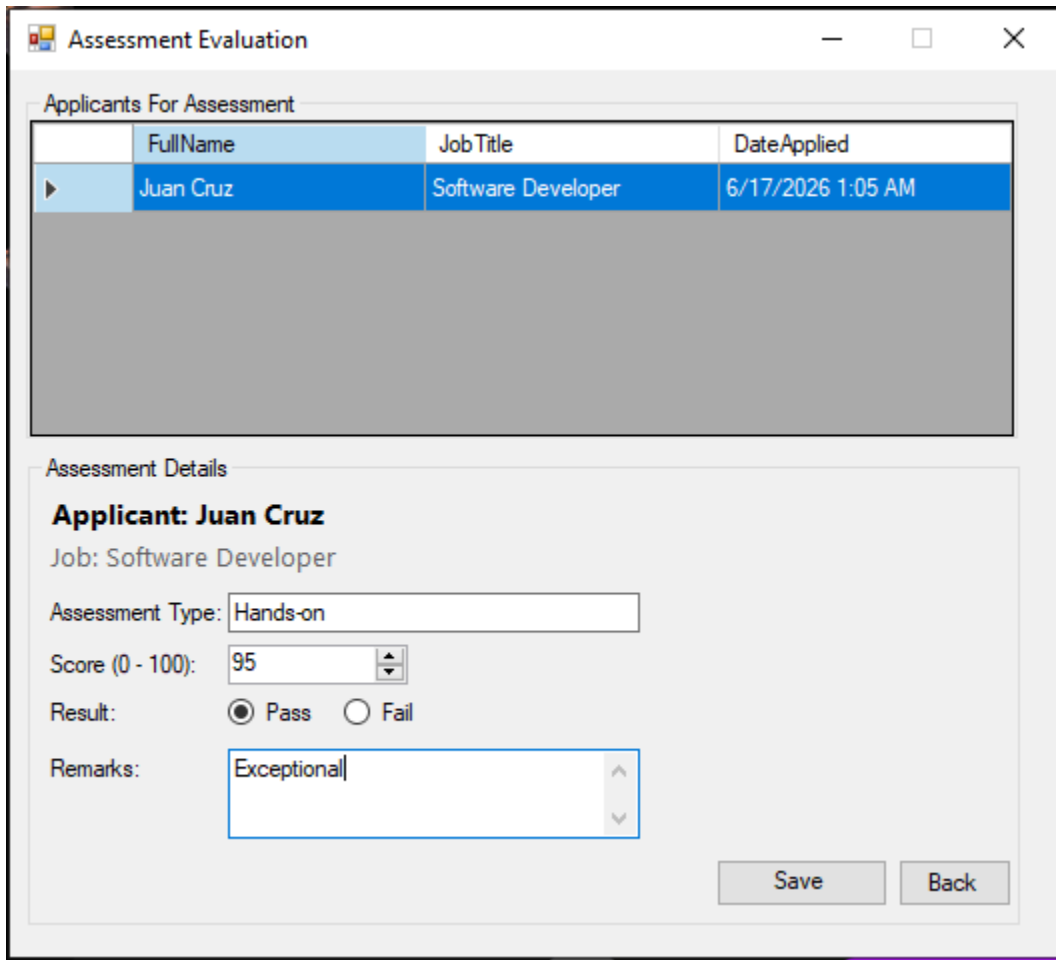

7. Assessment Evaluation

Evaluates the Assessment Test of the Applicant. This will provide the applicant an evaluation for their assessment, where the applicant's name and scheduled interview are shown inside the Evaluation Details section.

Step 1 - Click on the applicant you wish to evaluate in the table

Step 2 - Input the assessment type, remarks, and score in their respective sections.

Step 3 - Click "Save", then return to the main dashboard.

The screenshot shows a web application window titled "Assessment Evaluation". It contains two main sections: "Applicants For Assessment" and "Assessment Details".

Applicants For Assessment

	FullName	JobTitle	DateApplied
▶	Juan Cruz	Software Developer	6/17/2026 1:05 AM

Applicant: Juan Cruz
Job: Software Developer

Assessment Type: Hands-on

Score (0 - 100): 95

Result: ☒ Pass ☐ Fail

Remarks: Exceptional

Buttons: Save, Back

8. Hiring Decision

Decides whether or not the applicant is hired.

Step 1 - Click on the applicant you wish to evaluate in the table

Step 2 - Input whether the applicant is accepted, rejected, or on hold, and their remarks in their respective sections.

Step 3 - Click “Save”, then return to the main dashboard.

The screenshot shows a web application window titled "HiringDecisionForm". It contains two main sections. The top section, titled "Applicants For Final Decision", features a table with two columns: "FullName" and "Job Title". The first row of the table is highlighted in blue and contains the text "Juan Cruz" and "Software Developer". The bottom section, titled "Hiring Decision", displays the selected applicant's information: "Applicant: Juan Cruz" and "Job: Software Developer". Below this, there is a "Decision:" label followed by three radio buttons: "Accepted" (which is selected), "Rejected", and "On Hold". To the right of the radio buttons is a green "Save Decision" button. Below the "Decision:" label is a "Remarks:" label followed by a large text input area. To the right of the text input area is a red "Back" button.

Back

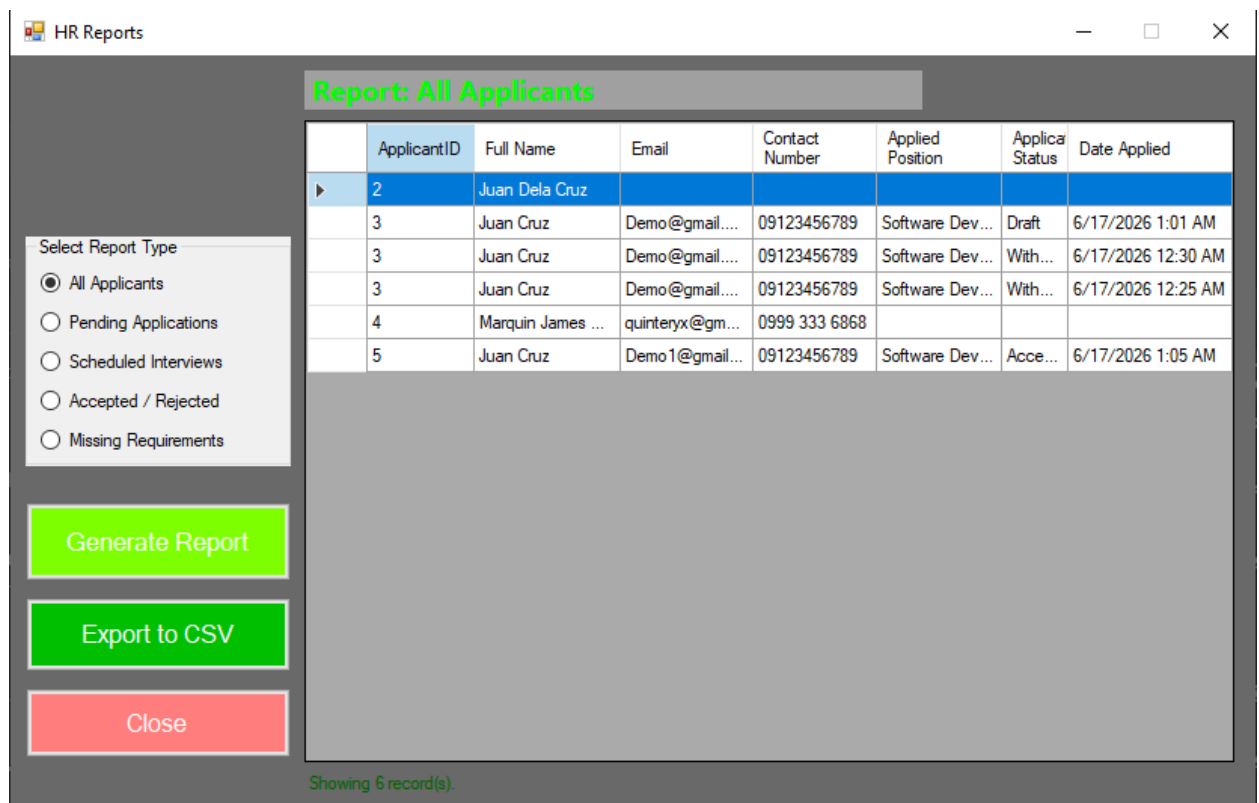

10. Reports

Provides detailed reports about all applicants, Pending Applicants, Scheduled Interviews, Hiring Decisions, and Missing Requirements or applicants.

Step 1 - Click on the report type on the lefthand side of the window.

Step 2 - Click “Generate Report” to produce the desired report type.

Step 3 - Click “Export to CSV” to generate a soft copy of the report, then return to the main dashboard.

The screenshot shows a web application window titled "HR Reports". On the left side, there is a sidebar with a "Select Report Type" section containing five radio button options: "All Applicants" (selected), "Pending Applications", "Scheduled Interviews", "Accepted / Rejected", and "Missing Requirements". Below these options are three buttons: "Generate Report" (green), "Export to CSV" (green), and "Close" (red). The main area of the window displays a report titled "Report: All Applicants" in green text. Below the title is a table with the following columns: ApplicantID, Full Name, Email, Contact Number, Applied Position, Applica Status, and Date Applied. The table contains six records. At the bottom of the window, it says "Showing 6 record(s)".
